

Ana Zubieta

Data Scientist

Data scientist with experience in developing analysis-based solutions for organizations across various sectors. Expert in predictive modeling, data processing, and data mining, as well as in Python language. Capable of leading complex analysis projects, from data collection to solution implementation.

WORK EXPERIENCE

Data Scientist

Freelance.

09 / 2023 - Present

- Development of efficient scripts and code to implement machine learning algorithms.
- Ability to acquire, clean, and preprocess data from various sources.
- Proficiency in using tools such as Pandas and NumPy to manipulate and transform datasets.
- Understanding and application of statistical concepts for model validation and interpretation of results.
- Deep knowledge of machine learning algorithms for classification, regression, clustering, etc.
- Ability to create effective and understandable visualizations to communicate patterns and trends.
- Competence in tools such as Matplotlib, Seaborn.
- Building optimal predictive models to address business problems.

Chef

Hotel Barcelo Montecastillo Golf & Sports Resort / GOIKO / Arcasa, S.L.

2015 - 2022

- Leadership of teams and decision-making under pressure, developing assertiveness.
- Efficient task organization and resource management.
- Meticulous focus on preparation and handling.
- Applying a dynamic nature and a problem-solving mindset.
- Growth within different companies.

GENERAL SKILLS

Data Visualization Machine/Deep learning

Statistical Analysis Data Preparation Agile Methodologies

Database Structures & Algorithms Pattern Recognition

TECHNICAL SKILLS

Operating Systems:

Windows, MacOS, Linux

Database:

MySQL, MongoDB

Programming Language:

Python, C

Frameworks and Libraries:

scikit-learn, SQL, PySpark, Streamlit, Pandas, Matplotlib TensorFlow, Keras, SciPy, Statsmodels, NumPy, Seaborn

Other Software/Tools:

Power BI

EDUCATION & CERTIFICATES

Data Science Certificate

Microsoft Power Bi Certificate

B1 level of English Certificate

Technician in Cooking and Gastronomy Certificate

Bootcamp Data Science and IA Hack a Boss, A Coruña (2023)

Degree in Mathematics and Telematics Engineering

Universitat de les Illes Balears, Palma de Mallorca (2019 - currently)

Technologic High School

IES La Granja, Jerez de la Frontera (2017 - 2019)

Intermediate Level Cooking and Gastronomy

IES Alminares, Arcos de la Frontera (2013 - 2015)
